

BU-111STG-@ (Mid-size Kelvin Battery Clip with High Force Spring)

- The BU-111STG is the high clamp force version of the BU-111 mid-size Kelvin battery clip (jaws electrically isolated). Used for accurate electrical impedance measurement.
- Overall length 4.2" (107mm), overall width 0.88" (22mm), overall height 2.1" (53mm), jaws open to maximum of 1.0" (25mm)
- When jaws are opened to 0.5", clamp force is 9.5 lbs., approximately 11% greater than the BU-111.
- Connects to wire up to 10 AWG via solder connection.
- Material: Body Nylon
 Jaws Solid brass
- Rating: Current 50 Amps
- Color: The "@" in the model number indicates color.
 Available colors: -0 Black, -2 Red
- RoHS 3 compliant
