

AI-000210T**(4mm Banana Plug with Threaded Stud and Solder Tab)**

- The AI-000210T is a standard banana plug with a threaded stud for rapid mounting. Used for connecting power supplies or test equipment for prototype circuit boards.
- Material: Banana plug Beryllium copper
 Plug body Brass
 Solder lug Tin-plated Copper
 Surface finish Nickel plating
- Rating: Current 15 Amps
 Working Voltage 5000 VRMS
